

FREE SHORTLIST

Canton Fair Phase 3 Shortlist

60 exhibitors to visit or contact: pet products, toys, bags and cases

140th Canton Fair, Guangzhou · Phase 3: October 31 to November 4, 2026

60

exhibitors

3

categories

5

days

Data from the official Canton Fair exhibitor database, pulled October 22, 2026. Booths can change: confirm on the exhibitor page before you go.

How to use this list

Where: pet products are in Hall 9.1 (Area B). Toys are in Halls 17.1 to 19.1 and bags and cases in Halls 17.2 to 20.2 (both Area D).

Not going? Every company name links to its official exhibitor page, where you can see its products and message it through the fair's platform.

What the list is: 20 exporters per category whose declared main products fit the category and who state OEM or ODM service. It is a starting list, not a ranking or an endorsement.

OEM = they make your design. **ODM** = they sell their own design under your brand. **OBM** = they also sell their own brand.

Five questions to ask every booth

1. What is your MOQ for this item, and for a custom color or logo?
2. What is the unit price at 300, 1,000 and 3,000 units (FOB)?
3. How long for samples, and how long for mass production?
4. Which certificates do you hold for my market (for example CPC and ASTM F963 for toys sold in the US, CE for the EU)?
5. Who inspects before shipping, and can I bring a third-party inspector?

Want us to contact these factories for you?

Send one request and we reach out to matching factories in Chinese, collect their quotes and MOQs and send them back to you. Free, no account needed.
